Dear Mr. Pugh,

I wanted to thank you and your staff at GSolutionz Inc. for outstanding service and support.

For over a year now we have worked with Jim Wilcox, Rich Gern, Dean Ehler and Heidi Himmelberg on four different projects. They have been very instrumental in design, installation, and training. And with any of the challenges that came up, they were resolved in a timely manner.

I am confident that we will continue to partner with GSolutionz Inc. for all of our customer's telephony requirements.

Sincerely,
