To Whom It May Concern:

I would like to take the opportunity to thank GSolutionz Inc, for the excellent service and support that they have provided to our company.

We purchased the Avaya IP Office Platform for its integration capabilities with our network, and we are extremely pleased with how it has worked from day one. Any problems we have had were handled quickly and efficiently by GSolutionz staff.

We would highly recommend GSolutionz Inc. to any business!

Sincerely,
